KAYAK CROSS/PLAYBOATING/WHITE WATER

NEW for 2023 : Whitewater kayak developed by the French kayak company **Zig Zag** in collaboration with members of the French Slalom team. The **PANAME** is for paddlers who are looking for thrills both in competition and on the river. A boat designed by the elite that remains accessible to as many people as possible.

Speed, fluidity, responsiveness are the key words of this new model developed for a fun practice and to reach the podiums in kayak cross.

Its technical characteristics allow easy and efficient paddling :

- Distribution of the front volume optimized to facilitate setting down, crossing rolls, landing jumps or ramps.
- Tail cut for fast and stable rotations
- Tight stern / rear tip to gain speed and glide
- Low deck height and recessed coaming facilitating the kayaker's movements and passing through kayak cross doors.

Available in two sizes, the **PANAME** and **PANAME S** adapt to the morphologies of male and female athletes wishing to navigate in a kayak that corresponds to their volume and width, allowing them to express their potential.
